ABOUT US

Tour of America's Dairyland (ToAD) hosts 11 days of criterium racing and has been held in Wisconsin each June since 2009. ToAD is the longest competitive road cycling series in the United States, hosting approximately 500 racers daily from over 40 U.S. states and a dozen countries. Racers can choose from single-race entries or compete in 5-day and/or 6-day series. In addition to offering daily prizes and primes, each series scores omnium points in most categories. ToAD celebrates riders of all skill levels by offering competitive races for junior, novice, masters, amateur, handcycling, and professional men and women cyclists.

ToAD is committed to creating a safe and positive environment for its participants' physical, emotional, and social development and to ensuring it promotes an environment free from harassment, discrimination, and abuse. Please review USA Cycling's SafeSport Program Policies, including reporting requirements and the Minor Athlete Abuse Prevention Policies (MAAPP). All Participants at USA Cycling sanctioned events must abide by these policies.

- **Report suspected or known incidents of *sexual misconduct* directly to the US Center for SafeSport:** https://uscenterforsafesport.org/report-a-concern/
- **Report *other forms of misconduct,* including physical misconduct, emotional misconduct, and MAAPP violations, to USA Cycling:** https://usacycling.org/safesport/report-other-misconduct

Amateur	$61 per race	$65	$75	$90
Pro/1/2	$71 per race	$75	$85	$100

RACE DETAILS

OMNIUM SCORING AND LEADER JERSEY

Tour of America's Dairyland hosts eleven days of racing. Racers can choose from single-race entries or compete in a 4-day, 5-day, or 11-day series. In addition to offering daily prizes and primes, each series scores omnium points in most categories. All race finishers earn points, which count toward their category (as entered) omnium competition. The more days you race, the more points you earn. Riders do not have to race the entire series to be eligible.

All race days will count toward omnium standings. Omnium scores will be calculated by adding up the points for ALL of each rider's placings per category using the following points schedule. All finishers after 20th place will receive 1 point. At the conclusion of the omnium, the rider with the most points will be presented as the omnium winner.

All riders on course, regardless of category and including Juniors, will race together as one field, but each omnium category will be scored separately for omnium points. See Omnium Categories by Series for more info.

In the Men and Women Pro/1/2 races, Cat 2 riders are eligible for both Pro/1/2 and Cat 2 omniums.

Omnium Tiebreaker Rules: If any 2 riders in a category are tied for points the higher place will be awarded based on the following measures:

- Rider with the most number of 1st place finishes
- (If equal), rider with the most number of 2nd place finishes, etc.
- (If identical placings), the rider who finished best in the last race where at least one of the tied riders finished.

A leader jersey will be awarded daily to the top ranked rider for each category as entered. Leader jerseys are awarded on the announcers' stage 15 minutes after the finish of the event. Refer to **Podium Ceremony Protocol** for details. For daily awards and prize money details, see **Daily Awards and Prize Payout.**

LOWLANDS LION PRIME SPRINT COMPETITION

The Lowlands Lion Prime sprint competition returns to ToAD within the following 7 races:

- **6/23-6/26:** Boys JR 15-18 Cat 1/2/3, Women Cat 4/N (JR eligible), Masters 50+/60+ Cat 1/2/3
- **6/23-6/26:** Men Cat 3/4 (JR eligible), Women Cat 2/3 (JR, Masters Women 40+ eligible)
- **6/18-6/28:** Women Pro/1/2, Men Pro/1/2

The sprint lap will occur approximately halfway through each race and will be indicated by a bell and announcement. Additional primes may be awarded in conjunction with this sprint and will be announced accordingly.

Points will be awarded to the top 3 in each sprint according to the **Lowlands Lion Prime Points Schedule** below. The top racer in each respective category with the most accrued points on the final day will win cash and prizes from Lowlands Group. Riders do not have to compete every day of the series to be eligible for the sprint competition.

Lowlands Lion Prime Points Schedule:

PLACE	POINTS			
	June 18-24	June 25-26	June 27	June 28
1	3	6	9	12
2	2	4	6	8

FRESH COAST CUP P/B INGREDIENT EXCHANGE SPRINT COMPETITION

New to ToAD this year, the Fresh Coast Cup p/b Ingredient Exchange sprint competition runs June 18 - June 20 for the following 6 amateur races:

- **Men Novice**
- **Women Novice**
- **Men Cat 3/4**
- **Women Cat 3/4**
- **Men Cat 2/3**
- **Masters 40+/50+ Cat 1/2/3**

The sprint lap will occur approximately halfway through each race and will be indicated by a bell and announcement. Additional primes may be awarded in conjunction with this sprint and will be announced accordingly.

Points will be awarded to the top 3 in each sprint according to the **Fresh Coast Cup p/b Ingredient Exchange Points Schedule** below. The top racer in each respective category with the most accrued points on the final day will win cash prizes from Ingredient Exchange. Riders do not have to compete every day of the series to be eligible for the sprint competition.

Fresh Coast Cup p/b Ingredient Exchange Points Schedule:

PLACE	POINTS		
	June 18	June 19	June 20
1	3	4	5
2	2	3	4
3	1	2	3

Fresh Coast Cup Tiebreaker Rules: If any 2 riders in a category are tied for points the higher place will be awarded based on the following measures:

- Rider with the most number of 1st place finishes
- (If equal), rider with the most number of 2nd place finishes, etc.
- (If identical placings), rider who finished best in most recent sprint

Winner Jersey: At the conclusion of the final stage on June 20, the winner of the Fresh Coast Cup p/b Ingredient Exchange sprint competition in each category will be awarded a winner jersey.

Fresh Coast Cup p/b Ingredient Exchange Winner Cash Prize List: $2,400

DAILY AWARDS AND PRIZE MONEY

All riders on course, regardless of category and including Juniors (see exception for Jr 9-14 below), will race together and compete as one field for daily awards and prize money, where available. Daily race podium awards (see chart below) for the top three winners and **prize money**, where available, are based on full race results. The top three winners must report to the announcers' stage for the awards ceremony 15 minutes after the finish of the event. Refer to **Podium Ceremony Protocol** for details. Please see **Prize Protocol** for daily prize money and primes information. For omnium scoring and leader jersey details, see **Omnium Scoring and Leader Jersey**.

Junior Ages 9-14 Daily Awards Exception

In the JR 9-12 and JR 13-14 races, each Junior category (Girls and Boys) will be scored separately for their own daily race podium awards (see chart below) for the top three winners in each category on course. The top three winners must report to the announcers' stage for the awards ceremony 15 minutes after the finish of the event. Refer to **Podium Ceremony Protocol** for details. For omnium scoring and leader jersey details, see **Omnium Scoring and Leader Jersey**.

Daily Awards Chart

Podium ceremony for the top three winners will occur on the announcers' stage at the start/finish line 15 minutes after the end of every race. Omnium leader jerseys and Lowlands Lion Prime leader jerseys will also be awarded daily to the top ranked rider per the **Omnium Scoring and Leader Jersey** and **Lowlands Lion Prime** rules. See **Podium Ceremony Protocol** for more information.

GENERAL INFORMATION

REGISTRATION

All registration will be ONLINE ONLY at BikeReg or via the "Register Now" button on the ToAD website. **There will be no cash option onsite. Plan accordingly!** Prices are outlined in **Entry Fees**. Registration for each event will remain open until 90 minutes before that race or until the field becomes full, whichever is first. Second race per day is discounted to $25. If adding on a second event onsite, a coupon code can be requested from Registration with proof of the first race entry.

Bib Number Pick-Up

Registration opens daily one hour before the first race. You must show your USA Cycling license or valid international license. In order to keep the lines moving, please have your license ready to show the Registrars.

To present your USA Cycling license on a cellphone, navigate to the USA Cycling homepage. Click the three bars at the top right. Click **Members > View Results & Rankings** and enter your name or licence # under **Find Rider Results**. Click on **View License** under your name. Click here for a shortcut.

Transfer/Refund Policy

- Registration fees are not refundable. If there are extraordinary circumstances, contact us at info@toad.com
- You may transfer your rider registration to another race day, or category, or teammate for a $10 fee plus any price difference due
- There will be no complaining about these policies… or NO MILK FOR YOU!

No Wait Lists

Once category fields are maxed out for a respective ToAD venue race, that category race is closed, and no additional registrations will be accepted. There will be no day-of wait lists. For avoidance of doubt, if a registered race field has maxed out and you are not registered, you will not be allowed to race.

Licensing

All race participants must have a valid USA Cycling racing license (or other national federation affiliated with the UCI) and will be required to race in the category listed on that license. One-day licenses and annual USA Cycling licenses will be available for purchase online only during the registration process. All license purchase information and rates can be found at USA Cycling. USA Cycling rules will govern all races, and riders must e-sign a USA Cycling waiver during the registration process, which is valid for the entire series.

Club/Team Affiliation

If you are riding under a different club/team than is on your USA Cycling license, you must verify these details and present an official team release from your team director at Registration at the time of number pickup.

International Riders

Riders from outside the United States must have:

- Active international license (with UCI code)
- International permission letter from their country's national cycling federation (Canadian Federation excepted)
- Proof of medical insurance coverage while racing

A photo of the license and a copy of the foreign permission letter are required to be emailed to the Registration Manager at info@toad.com before the start of the series.

Bib Numbers

Riders will be issued two bib numbers per race category; both numbers must be kept and worn for the entire series. If a rider is registered for multiple categories throughout the series, separate bib numbers will be issued and must be worn for separate categories.

Numbers will be placed on the right and left sides of the jersey. Riders are subject to fines for numbers that are cut, folded, crumpled or improperly placed. Any of these number defacements or wrong numbers worn may prevent riders from being properly placed in finishes and omnium competitions.

Click here for number pinning tips and images showing good and bad number placement. If your numbers aren't visible to the judges or finish line camera you might not get scored.

REPLACEMENT NUMBERS If numbers are lost or torn, the first replacement numbers will be provided to the rider at no cost. Each subsequent set of numbers will cost $10.

RACE RULES AND REGULATIONS

The 2026 Tour of America's Dairyland is held under USA Cycling sanction #15470. All races will be governed by the USA Cycling rulebook. Criterium regulations are found in Section 3D of the rulebook. Per Section 1N5, riders shall follow the instructions of the race organizers, USA Cycling race officials, local health officials and police. Licensed USA Cycling officials will be responsible for all starts, finishes, rulings, and end results/scoring. **Failure to comply with these policies may result in disqualification for the remainder of the series with no refund.**

General

- Racers may register and compete in any number of races for which they are eligible, with every racer competing in any race eligible for the daily prize list.
- Tour of America's Dairyland will be run as an omnium with points awarded based on rider place in each race.
- Overall placing will be determined by series cumulative point totals and recognized on the podium.
- Prizes and awards will be determined both on a daily and overall series basis. Prize Payout hours are detailed in **Prize Protocol**. All participants of any race are eligible for the individual daily purse for the race for which they are registered, and they will also automatically earn points and be eligible for the overall prizes and awards.
- Racers do not have to compete in every race to be eligible for overall prize lists.

Race Conduct

Please respect the neighborhoods in which we hold our races by refraining from littering (with the exception being in the daily Green Zone designated for your empty nutrition packets or water bottles and appropriately signed with both a beginning and end) and any other general misconduct. Such issues may be grounds for fines or disqualification.

Team Tents

Be sure to keep sidewalks/walkways clear and never place tents on private property without permission. If you want to spend time, erect tents, chairs, etc., on private property or residences, PLEASE ask first and respect others' property. Team tents may not be placed within 200m of the Start/Finish line. If you have any questions about placement, ask the Race Director. The Race Director has the right to ask you to move your tent.

Riders Out of Contention/Withdrawing From a Race

Race officials reserve the right to pull riders who are in danger of being lapped by the field. Such action is dependent on race category, number of riders on course, course length, and course type. Riders asked to withdraw must exit the course immediately, and will be placed accordingly to the following structure:

- Riders in the Pro Men and Pro Women categories will be placed if they are pulled in the second half of the race.
- Riders in all other categories will be placed if pulled at any point during the race.
- Riders should notify officials if voluntarily withdrawing from a race. Riders who voluntarily withdraw will not be placed and will not receive a point for finishing.

Feeding

No feeding shall occur unless expressly authorized by the PCP (President of the Commissaires Panel). Should the weather and race length cause need for feeding, there will be a feed zone defined on course, as well as the specific race times that feeding is permitted. This information will be emailed/texted to riders prior to the start of their races.

Neutral Race Support

Neutral Race Support will be onsite daily, and licensed mechanics will be available to assist riders with mechanical issues during races. Any equipment is lent at the discretion of neutral race support and must be returned after your race.

Neutral Race Support works hard to support you. Even in the heat of racing, a little courtesy goes a long way. Thank you for treating our staff with kindness - they are on your team and want to get you back in the race.

PRO TIP: Before coming to ToAD make sure your bike is in good racing shape, for example, clean and lubed, no shifting or braking issues, fresh batteries for electronic shifting, etc.

Free Laps

Riders may be granted a free lap for a crash or the breakage of an essential bicycle component. Riders may only be granted a free lap by the Pit Referee and all repairs or equipment exchanges must be made in the pit. Free Lap regulations are found in Section 3D5 of the USA Cycling rulebook.

The PCP will announce when free laps are over before the start of each race, specifying, "free laps are over at 'x' laps to go." Riders must be reinserted into the field by the Pit Referee before this point to receive a free lap.

Riders who are granted a free lap will be reinserted to the race at the back of the group in which they were originally placed. Riders who are not granted a free lap will have to chase.

Race Timing

All races in the series are time-based. A race clock at the finish line will count up in time until USA Cycling race officials have determined the number of laps remaining. Laps will then count down; when the lap count reads "1" a bell will also be rung to signify that one lap remains in the race. On the following lap, riders will contend for the win. Per criterium rules, all riders will finish on the same lap. Lapped riders remaining in the race will be placed according to their order of crossing the finish line, taking into account the number of laps lost to the leader.

Course Closure/Course Warm-Up

Riders are not permitted on the course during races for which they are not registered. Course officials/race announcers will officially open the course at the conclusion of each event. Only at this time are riders permitted to warm up on the course. Riders who are on the course at unauthorized times are subject to disqualification.

Staging Procedures

The start line will remain closed during warm-up, and riders will not be able to line up until permitted. Course officials/race announcers will begin staging at the staging line five minutes before the start of each race. Do not enter from the start line. Series leaders will receive call ups; leaders who are late to staging are not guaranteed starting spots at the front of the pack.

Doping Control

Racing at Tour of America's Dairyland is subject to doping control. All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA), World Anti-Doping Agency (WADA), and/or the UCI under an in-competition testing program. Chaperones will notify riders to be tested after the finish of any targeted race. Attempting to evade the chaperones may be considered grounds for a "positive" test. Numbers of riders selected to be tested will not be posted for public viewing. More information can be found in the Appendix.

PODIUM CEREMONY PROTOCOL

Awards

Podiums occur 15 minutes after the finish of each event. Please take a cooldown lap and report to the stage at the designated area on the announcers' side. **The top three race winners as well as points leaders in the category omnium and Lowlands Lion Prime sprint competition are required to report to podium presentations.** Jerseys are awarded to points leaders in the category omnium and the Lowlands Lion Prime sprint competition. Riders should appear for the podium in their team kits: team jersey, team shorts, no sunglasses, no helmet (rider may wear a hat only if it is team gear or bears the logo of a team or ToAD sponsor).

If a rider is currently wearing a leader's jersey, the rider should remove the leader's jersey after each race and replace it with a team jersey for the podium ceremony. Per USA Cycling 1J5 (h), the leader jersey must be worn in competition as long as that rider holds the overall lead. If a Cat 2 rider in the Pro/1/2 race is leading both category omniums, the Pro/1/2 leader jersey must be worn in competition. If a rider is leading both their category omnium and a sprint competition, the omnium jersey must be worn in competition, and the next eligible rider shall wear the sprint competition jersey.

DAILY RESULTS

Results

Preliminary results will be uploaded to the Latest Results tab on the ToAD website immediately following the end of each race. No results will be posted onsite. There will be a 15 minute protest period, after which time they become final. Any protests within this period must be directed to the USA Cycling Chief Judge located on the announcers' stage for review.

Finalized daily race results and omnium standings will be posted within 2 hours of the race finish on the ToAD website. Daily race results will be posted to USA Cycling within 24 hours of the race, including a column for rider points standings. Final omnium standings will be posted to USA Cycling following the conclusion of the series. Results may be changed for omnium points after the results are final, but any lost prize money is forfeited. **Always check your results to ensure your finish was recorded correctly.**

PRIZE PROTOCOL

Single Check Prize Money

One prize check consolidating all daily prize earnings will be issued per rider by Prize Payout at the end of the rider's category series or rider's last day, whichever occurs first. Prize Payout is located next to Registration.

Any rider or team that prefers electronic payment of their prize money or a check mailed following the series, can make arrangements to do so. These arrangements can be made with Angie in person at the Prize payout table, or by text (414) 573-9792 or email ajensen@tourofamericasdairyland.com during or following the series.

Racers who win a cumulative $600 or more, including primes, during Tour of America's Dairyland MUST file a completed W-9 Form or W-8BEN (international riders) with Prize Payout before receiving payments exceeding $600.

Primes

Primes will be awarded in most races during the series; they will be signified by the ringing of a bell for a specific group of riders, such as a breakaway or field, and the announcement of the prize. On the following lap, the prize will be awarded according to the announcement to the riders eligible for the prime. Primes will be available for pick up at Prize Payout following the conclusion of each race. Riders do not need to finish the race to be awarded primes unless expressly stated when the prime is announced. You must bring either your physical bib number, USA Cycling license or photo ID to pick up your cash or merchandise.

DAILY SCHEDULES AND MAPS

Day 1 // Thursday, June 18, 2026

Clocktower Classic

RACE TIME	CATEGORY	LENGTH	FIELD LIMIT	DAILY PRIZES/ PLACES

- Start/Finish Address: W State St & N Wauwatosa Ave, Wauwatosa, WI 53213
- Minimum Cash Primes: $2,000

APPENDIX

Event Information - Doping Control

This event is subject to doping control. All athletes at this competition are subject to drug testing conducted by the United States Anti-Doping Agency (USADA), World Anti-Doping Agency (WADA), and/or the UCI under an in-competition testing program. This section is intended to give an overview of the key points relevant to this program and the testing that can be conducted at the event.

What substances are prohibited?
As a signatory to the World Anti-Doping Code, USADA tests for substances and methods found on the World Anti- Doping Agency Prohibited List. It's important that athletes are aware of the substances and methods on the Prohibited List, as an athlete subject to testing is responsible for any prohibited substance found in their body, regardless of intent.

It's also important to understand that certain substances are prohibited at all times, while others are prohibited only during the competition period. In some cases, some substances are only prohibited in a certain sport.

What about medications?
Athletes need to be aware of the prohibited status of any medication they are taking, whether it be an over-the-counter or prescription medication. The easiest way to check the status of an athlete's medication is to use USADA's Global DRO service, which allows athletes to search for generic and name brand products, as well as specific ingredients. Given that the Prohibited List changes each year and medication formulations can also change, it's important for athletes to regularly check the status of their medications.

It's also important to understand that dietary supplements are not medications. They are regulated and manufactured differently, which means that USADA is unable to provide guidance on the safety and efficacy of specific dietary supplement products. If an athlete chooses to use dietary supplements in spite of the risks, athletes can reduce their risk by using only third-party certified products. For more information, visit USADA's Supplement Connect resource.

Athletes or their support team can also speak to an expert by phone during business hours by calling (719) 785-2000 and selecting option 2.

What if I need to take a prohibited medication?
In some situations, an athlete may have an illness or condition that requires the use of a medication listed on the World Anti-Doping Agency's Prohibited List. A Therapeutic Use Exemption or TUE provides permission for an athlete to have a prohibited substance in their

U.S. ANTI-DOPING AGENCY
5555 Tech Center Drive, Suite 200, Colorado Springs, CO 80919 • Tel: 719.785.2000 • Fax: 719.785.2001
USADA@USADA.org • www.USADA.org

body at the time of a drug test. The process for obtaining a TUE is thorough and balances the need to allow athletes access to critical medication while upholding clean athletes' rights to compete on a clean and level playing field. TUE requirements also vary based on the competition level of the athlete.

If an athlete is diagnosed with a medical condition requiring treatment with a prohibited substance or method, they should **apply for a TUE as soon as possible, but at least 30 days prior to an event or competition**. Athletes interested in obtaining a TUE should visit USADA's TUE page.

How will I be notified of testing?
This drug testing program allows for athletes to be selected for testing at a competition (in-competition testing) without any advance notice. Athletes will be notified of their selection for doping control by a Doping Control Officer (DCO) or a notifying chaperone. At the time of notification, the athlete will be informed of their rights and responsibilities during the sample collection process and will be asked to provide photo identification.

What does the sample collection process include?
Athletes selected for testing are subject to both blood and urine testing. The processes are designed to be both effective in preserving the integrity of the sample, yet as safe and comfortable for the athlete as possible. Understanding the processes, as well as an athlete's rights and responsibilities, can help to make the sample collection process less intimidating. For example, athletes will be required to provide a urine sample of 90 mL under direct observation of a DCO or a witnessing chaperone of the same gender. There are additional considerations for minor athletes and athletes with impairments. Most notably, minor athletes are encouraged to be accompanied by a representative of their choice.

Learn more about the sample collection processes here.

What if an athlete is returning to sport from retirement?
Under the rules, athletes who were previously eligible for out-of-competition (no-advance-notice) testing before officially retiring have a six-month waiting period before they can compete (should they choose to return to competition) and must again be subject to out-of-competition testing during this reinstatement period. The athlete is not permitted to compete in any USA Cycling sanctioned events or UCI sanctioned events. If you have an athlete in this situation, please email AthleteConnect@USADA.org. F

Additional Resources
Athletes can also visit USADA's Anti-Doping 101 page to find more important information for athletes, coaches, family members, and other athlete support people.

To help create and foster a safe environment that is free from misconduct and abuse at all USA Cycling events, please review USA Cycling's Safe Sport Program Policies, including reporting requirements and the Minor Athlete Abuse Prevention Policies (MAAPP). All Participants at USA Cycling sanctioned events must abide by these policies.

Prohibited Conduct

All Participants at this event are expected to refrain from engaging in Prohibited Conduct as defined by the US Center for SafeSport Code. Prohibited Conduct includes but is not limited to the following: sexual misconduct, emotional misconduct, physical misconduct, bullying, harassment, hazing, and violations of the MAAPP.

MAAPP

These policies have been adopted by USA Cycling to establish clear boundaries between participants in cycling and to reduce isolated one-on-one interactions between minors and adults in cycling and apply during all USA Cycling events, including **before, during and returning from the event**. Please familiarize yourself with USA Cycling's MAAPP.

Reporting Requirements

Adult Participants are required to report violations of USA Cycling's Safe Sport Program, including violations of the MAAPP. The mandatory reporting requirements apply to Adult Participants, but USA Cycling encourages anyone who becomes aware of, or experiences misconduct or abuse, to report those allegations. While USA Cycling is committed to providing a safe environment for all participants, the organization can't address behaviors or problems it is unaware of, so your engagement in reporting is instrumental in ensuring safety for all.

Report suspected or known incidents of *sexual misconduct* directly to the US Center for SafeSport: https://uscenterforsafesport.org/report-a-concern/

Report *other forms of misconduct*, including physical misconduct, emotional misconduct, and MAAPP violations, to USA Cycling: https://usacycling.org/safesport/report-other-misconduct
